Name Leg ornament. A woven band about 1.5 cm, wide, enlarged at the ends into a triangular form by the interweaving of beads, and with small tassels attached. Worn tied about the leg just above the knee. Often several worn at one time. Occasionally, when wearing European

Collection C. B. Cory

Notes clothing, these ornaments are pinned on the shirt front, or on the turban. (Cory) The band of this specimen is apparently a piece of tape, Price which was unraveled at the ends to weave in the beads.
