乾隆丙申年秋宮余集

116092

Young woman, ink and faint colour on paper.  
Late Ch'ing period.

Must certainly have been painted by the artist of  
No. 116055-56. Style identical as well as face.

Delicate line and style, with freedom &  
variety in brush work. Pleasing small  
painting.

COMMENT By WILBUR - EARLY 1940'S
