Width 19" Length Height 5" Price P. 15

Acc. 1060

(over)

This type of carrying basket is used
in the Tineg group (much influenced by
Kalingas & Apayaos) also over the range
of mountains a days trip north of
Lacub & Bureg. It is not found
to any extent among the valley
Tinguianans.

A somewhat similar
device is met
with in Bontoc.
