Field No.

Provenience: Italy?

People or Culture: Etruscan?

Object: Pair of ear-rings

Material: Gold

Description: Pair of semi-circular gold ear-rings consisting of band divided into 2 compartments of filigree design. The band is slightly broader at one end; at this end 3 round beads are attached. At the other end of the band there are what looks like 2 broken hinges. The ear-rings are blackened which might suggest

Dimensions: that they are made partly of silver.  
(in cm.)

Largest width: 1.2
