<p>Field No.</p>	<p>People or Culture: Hawaiian Islanders</p> <p>Object: Octopus lure and hook</p> <p>Material: Shell (Tiger Cowrie), wood, cord, iron, lead, metal wire</p> <p>Description: Paddle-shaped wooden form has a lead weight lashed to its lower side, and the shell to the top. At other end, two tapering iron barbs are lashed to the wood by cord, and project outwards. Thick cord forms a loop from one end of the device to the other, and a metal wire loop circles the cord and is fastened to the device.</p>
