1 *Fissurina dumastii*

2 *Fissurina instabilis*

3 *Fissurina globulifica*

4 *Anomomorpha aggregans*

5 *Platythecium dimorphodes*

6 *Platythecium leiogramma*

7 *Pallidogramme chrysenteron*

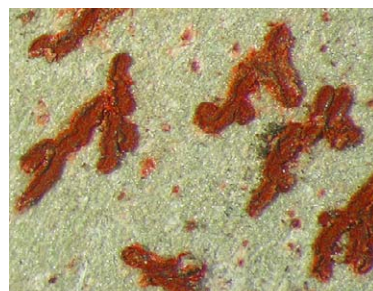

8 *Hemithecium rufopallidum*

9 *Acanthothecis clavulifera*

10 *Acanthothecis subclavulifera*

11 *Thalloloma astroideum*

12 *Thalloloma ruptum*

13 *Diorygma erythrellum*

14 *Diorygma hieroglyphicum*

15 *Diorygma poitaei*

16 *Carbacantographis marcescens*

17 *Glyphis scyphulifera*

18 *Glyphis substriatula*

19 *Glyphis cicatricosa*

20 *Dyplolabia afzelii*

(Ostropales: Ascomycota)
Microlichens of the World: GRAPHIDACEAE

21 *Graphis chrysocarpa*

22 *Graphis dendrogramma*

23 *Graphis lumbricina*

24 *Graphis mexicana*

25 *Graphis myrtacea*

26 *Graphis tumidula*

27 *Platygramme caesiopruinosa*

28 *Platygramme costaricensis*

29 *Phaeographis haematites*

30 *Phaeographis intricans*

31 *Phaeographis lobata*

32 *Leiorreuma exaltatum*

33 *Thecaria quassiiicola*

34 *Thecaria montagnei*

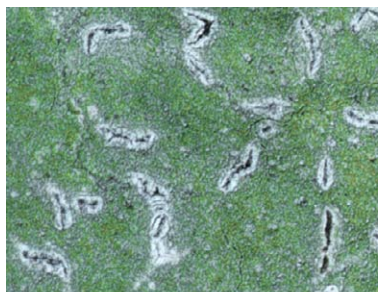

35 *Sarcographa labyrinthica*

36 *Sarcographa tricola*

37 *Thecographa prosiliens*

38 *Phaeographopsis neotropica*

39 *Kalbographa lobata*

40 *Sarcographina cyclospora*

(Ostropales: Ascomycota)

41 *Nadvornikia hawaiiensis*

42 *Schizotrema schizolomum*

43 *Melanotopelia blepharostoma*

44 *Topeliopsis muscigena*

45 *Chroodiscus coccineus*

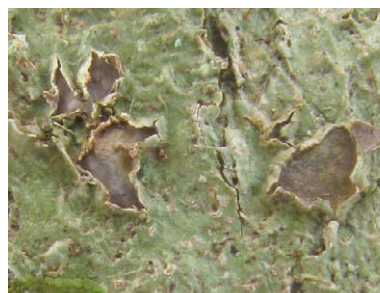

46 *Chroodiscus defectus*

47 *Enigmotrema cruentata*

48 *Enigmotrema cruentata*

49 *Acanthotrema brasilianum*

50 *Chapsa astroidea*

51 *Chapsa dilatata*

52 *Chapsa vizcayensis*

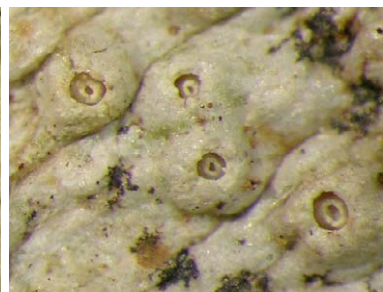

53 *Gyrotrema aurantiacum*

54 *Thelotrema subweberi*

55 *Thelotrema lacteum*

56 *Thelotrema porinoides*

57 *Redingeria glyphica*

58 *Redingeria glaucopolyphica*

59 *Reimnitzia santensis*

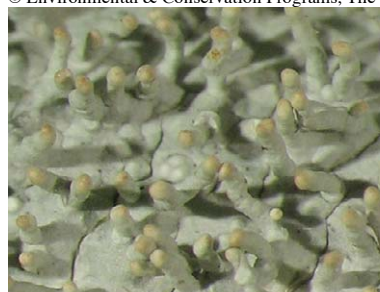

60 *Reimnitzia santensis*

(Ostropales: Ascomycota)
Microlichens of the World: GRAPHIDACEAE

61 *Fibrillithecis confusa*

62 *Wirthiotrema trypaneoides*

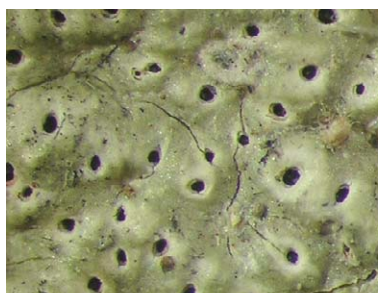

63 *Leucodecton occultum*

64 *Leptotrema wightii*

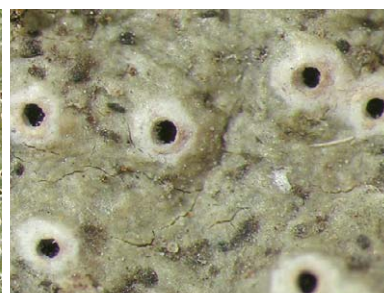

65 *Myriotrema album*

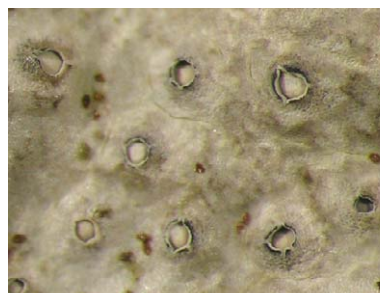

66 *Myriotrema congestum*

67 *Myriotrema clandestinum*

68 *Myriotrema vulcani*

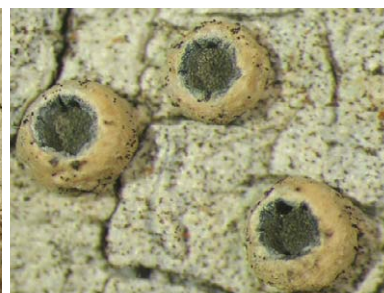

69 *Clandestinotrema stylothecium*

70 *Clandestinotrema leucomelaenum*

71 *Melanotrema meiospermum*

72 *Ampliotrema palaeoamplius*

73 *Ocellularia bahiana*

74 *Ocellularia gracilis*

75 *Ocellularia papillata*

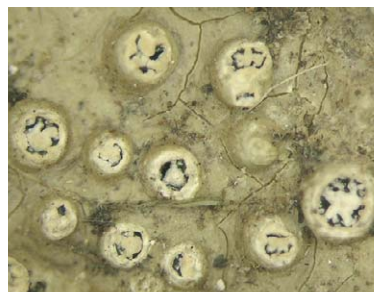

76 *Ocellularia praestans*

77 *Stegobolus bakoensis*

78 *Stegobolus anamorphoides*

79 *Stegobolus epitryphus*

80 *Stegobolus metaphoricus*
