

Small Sendai chest, $21\frac{1}{2}$ x 15 x $17\frac{1}{4}$. One top drawer; beneath, 2 doors and 1 lift-out panel concealing 3 unlocked and 2 locked drawers; locking panel conceals double-slide "puzzle" drawer. All iron work original. This type of chest was used by wealthy Sendai fish merchants to protect by intricate locks their store of gold coins paid to them in Tokyo. ~~about~~ 250 years old. Superb specimen.
