LOCATION:

Provenance: Majuro Village, Majuro Atoll, Marshall Is.

Hall

People or Culture: Marshallese (Micronesian)

Case

Description: Pandanus pounder, made of hard coral.

Room

Most pounders of this type are made from the giant clam or tridacna shell. This is an old specimen. Pandanus pounders are no longer made. Those in use today are handed down from generation to generation, usually from mother to daughter.
