Dress - (Sarong) of native hemp.  
bands of bright colors. \* No

over.

Collection

Major Ralph S. Porter

Surgeon U. S. Vol.

Where Placed

\* Material is Cotton. Full.

Notes

25

Acc. 779

The women weave cloth of good quality which they make into sarongs- skirts - and other articles of clothing. The work is executed upon efficient though primitive looms, and the fabric is often artistic in addition to being skillfully woven. Considerable diversity in appearance is obtained by the manipulation of many colored threads.
