Provenience: Mogadishu region, Somali Republic

Field No.

People or Culture: Southern Somali

Object: headrest

Material: wood

Description: Juba River type of headrest: deeply-curved cradle with ornamental "medallion" at each outer tip; two wide flat props, keeled on their inner faces, taper from below the outer ends of the cradle to the top of the round, upward-flaring base. This example has a distinctive pattern of concentric squares in the center of the cradle; these are flanked by asterisks.
