

231953

Field No.

Provenience: Africa, East Horn, Somalia, Mogadishu**People or Culture:** Galla or Sab**Object:** vase**Material:** clay

Description: White vase in shape of 2 cones joined at their bases. Lower cone is plain and forms base; upper cone has incised linear decoration: a band of cross-hatching bordered on either side by 2 parallel lines runs around the top, and a band of parallel lines encircles the vase just above the point where the two cones join. Vertical bands of parallel lines join the upper and lower horizontal bands. 2 curved handles are attached to the upper section of the vase, and the broad lip is also decorated.

Dimensions:

(in cm.)

height 17.5; diameter 19.

Acc. 3276

Collection: Given by Carol Slavin, August 1974; collected by Slavin, 1969.

Catalogue # 231953.
