34-10

242593

Field No.

Provenience: Belansi, Nueva Vizcaya, Luzon, Philippines,**People or Culture:** Ilongot-Filipino.**Object:** Belt (KAGET)**Material:** Metal, cotton, shell.

Description: 21 rolls of brass coils going horizontally around waistband attached to iron bands which have one edge scalloped, closed with metal nails, and each have 2 holes through which blue-green cotton cord runs to create a means of closure. Between coils are bunches of metal wires running vertically in a decorative manner. In center at back is a stylized cross of double strand of wire, along bottom of center are 18 stylized pyramids in same manner. Running length of belt and attached to top row by navy (over)
