Name

Large wooden people
& mortars (for corn?)

Collection

Dutch = Corn. N. C. E.

Where Placed

Notes

acc 14

exh. 1918

This mortar and the long heavy pestle which lies along the front of the case are used principally to pound and pulverize the corn from which cakes are occasionally made, especially by the Arecunas, as well as an intoxicating drink.

Cat. # 8243.
