

180420

Country Brazil.
 Locality Tapajós River (South Amazon basin)
 People Parintintin (? Tupai) Stock

Name necklace of bone + tucuman beads.
 The bones are thin hollow and light - probably
 made from segments of bird bones. The tucuman
 beads from the tucuman palm. for the most part
 the bone + bone beads alternate, but particularly
 at one place a number of bone-beads come together.
