Room

**Description:** Figurine of a portly woman of solid, brown pottery. She wears a cap with a peak in front and covering her hair behind. She has a long gown, and over it a cloak which covers one shoulder and has a flap behind. The face and one shoulder, belt and hem of dress are painted red; some traces also of white paint. Hole in bottom; both hands broken off. This figure is largest of group. Believed to date from 4th century B. C.
