(Information derived from old labels found in bases of old gem room cases. Field number on backs of labels corresponded to numbers on tags on specimens.) Collector: unknown.

Acc. 2249

Dimensions:

A black and white photograph of a beaded necklace. The necklace is made of a dark cord and features a wide, curved band of intricate beadwork. The band is composed of multiple rows of small, light-colored beads, possibly pearls or glass, interspersed with darker beads. The ends of the necklace are finished with small, dark tassels or beads. A small, rectangular label with the number '62174' is placed on the necklace. The background is a plain, light-colored surface.
