Field No.

**Provenience:** China? Japan? modern.**People or Culture:** ?**Object:** Opium pipe**Material:** jade mouthpiece, bamboo stem, brass bowl.**Description:** None of the parts are fancy -- the jade part is translucent greenish-white and largely cylindrical; the stem is polished but crude, with one end recently whittled down to fit the mouthpiece -- apparently, the two did not originally belong together. The ~~mouthpiece~~ brass bowl has a crudely incised fish on the outside**Neg. No.**
