

A **ENT** CHICAGO NATURAL HISTORY MUSEUM—ETHNOLOGY 39-47  
253244

**Provenience:** New Guinea: North Coast

**Field No.**

**People or Culture:**

**Object:** Gourd tobacco pipe

**Material:** Gourd with remnants of some sort of skin  
and rattan

**Description:** Long gourd with opening at each end.  
Vestiges of a skin covering remain. Native repairs  
of sewn rattan hold broken pieces of gourd together.  
See Cat. No. 149934 for a similar specimen from the  
Mây River.

**Neg. No.**

OVER

**Dimensions:**  
(in cm.)

Length: 45.0

**Collection:** Gift of Mr. and Mrs.

**Acc.** 2701

Raymond Wielgus 11 April 1960

Old European printing script notation on specimen near one end  
which appears to have been placed there by a private collector  
or a museum curator reads as follows:

L. 1437 /180

92501

Kais. Aug. Fluss
