Country       Palawan, P. I.
Locality      Northern Palawan.
People        Batak
Name          Topud, Cigars wrapped in leaves. The burning end is put in the mouth.

Tobacco is rolled in a green leaf, and one end is lighted by applying it to glowing coals. The burning end is then placed in the mouth. After 20-30 puffs

Collection    R. F. Cummings Expedition,
               (F. C. Cole, 1907-8).

Notes         The fire is extinguished and the process is repeated.
