Country Luzon Isld., Philippine Islands.

Locality Cagayan River.

People Ilongot.

Stock.

Name Chisel-like tool. Thin, narrow blade, point of which is somewhat sharpened. Short wooden handle, partly bound with cordage. Small blades of various like shapes are used in the houses. They are employed when stripping leaves for mat making, for preparing betel-nut, paring camotes and the like. Some which have been made from old files may serve a double purpose.

Collection R. F. Cummings Expedition,

(Wm. Jones, Collector 1908=09).
